

BONN Sponsorship Programme

A move towards change...

The Bonn Sponsorship Programme is supported by Don Bosco Mondo (Germany). The project supports the education expenses of the children. Since 2015, this programme has been supporting two of our centres, Itarhi and Jokbahla.

As part of this programme the donors of Mondo sponsor Individually as per their choices. The entire student's list is provided to the donors to choose as per their interest and capacity. Although this sponsorship is meant for the individual children, they also allow us to use these funds for the overall development of the school. One of the challenges of this programme is a high dropout of the children and lack of prompt response to the queries.

Fondazione Fratelli Deminticati Onlus

Since 1997, BOSCO Delhi has been associated with the **Fondazione Fratelli Dimenticati Onlus**, Italy, in imparting quality education to the marginalized and vulnerable children of Ashalayam, Delhi. In spite of the financial crises in Europe Fratelli has been supporting us very closely though they have difficulties in raising the fund. At present, 118 street children of the **Don Bosco Ashalayam**, Delhi, are being sponsored by the Fondazione Fratelli Deminticati Onlus through group sponsorship. Number of street children who were part of this programme, have benefitted and are well settled in life.
