5	Numbers of Males	289
6	Number of Dressings	14

We at the Don Bosco Health Centre, Basant Road, Paharganj, observed that Traumatic Injury, Abscess, URI- Upper Respiratory Infection, and kin diseases are very commonly diagnosed by our medical consultants. Mainly street children who stay at the railway platforms or at the shelter homes of other NGOs visit here for their treatment.

Awareness Session on Health & Hygiene

A session on Health & Hygiene was organized at a local Children's Government Hospital- Kalawati. Bosco Delhi's Medical Team in collaboration with the Government Hospital's Medical Team organized this session. With the help of our medical team, quite a number of NGO team members came together from different NGOs across Delhi, to attend this valuable awareness session on spreading Health & Hygiene. The event was a success and the attendees had benefitted from it and so they said as well, post the session.

Visit by Students from Spain

On 08-04-19, Ms. Maria and one of her friends from SPAIN visited us and spent the day witnessing our daily activities. They visited our medical camp centre at Shahdara Jhuggi, Bhika Ji Kama place and the Don Bosco Ashalayam health care centre at Paharganj. During their visit they met with our medical team and the others. They also interacted with few of the children and people. They were indeed very happy with their visit and appreciated the work of our team.

Visit by Guests from Germany

On 25-04-19, we had 2 Guests from Germany who'd come to visit us and spent the day witnessing our daily activities. They visited our medical camp centre at Shahdara Jhuggi, Bhika Ji Kama place and the Don Bosco Ashalayam health care centre at Paharganj. During their day long visit, both of them met with our medical team members and others. They enjoyed interacting with quite a few children and people. Mr. Linto KB (Assistant Director – Bosco Delhi), also accompanied them on their visit. Both the guests were thrilled to have such a warm experience and they verily appreciated the work.

THANK YOU! 😊
